

ΑΝΑΚΟΙΝΩΣΕΙΣ

1. K. Mimidis, I. Kotsianidis, **E. Spanoudakis**, D. Margaritis, S. Kotsiou , G. Minopoulos, G. Kartalis. Effect of helicobacter pylori eradication on peripheral blood lymphocyte subsets in patients with duodenal ulcer disease. JGH 17 (Suppl.): A241,2002.

2.K. Mimidis, V. Papadopoulou, J. Kotsianidis, D. Filippou, **E. Spanoudakis**, G. Bourikas, C. Dervenis, G. Kartalis. Alterations of platelet function, number and indexes during acute pancreatitis.11th United European Gastroenterology Week "UEGW 2003",No524,2003.

3.I. Kotsianidis, **E. Spanoudakis**, C Tsatalas, D. Margaritis, D. Pandelidou, Z. Kartasis, B. Baka, G. Tripsianis, G. Bourikas. Evidence of platelet activation in multiple myelomapatients treated with thalidomide.The Hematology Journal 4(Suppl 1):165, European Hematology Association (EHA) Annual Meeting, Lyon 2003.

4. **E. Spanoudakis**, C. Tsatalas, D. Pandelidou, D. Margaritis, I. Kotsianidis, I. Bazdiara, Z. Kartasis, A. Karakolios, G. Bourikas. Amifostine stimulates the formation o the haemopoietic bone marrow progenitors from B-chronic lymphocytic leukemia (B-CLL) and multiple myeloma. The Hematology Journal 4(Suppl 1):19, European Hematology Association (EHA) Annual Meeting, Lyon 2003.

5.Karakolios A., Tsatalas C., Pantelidou D., Passadakis p., Chalkia P., **Spanoudakis E.**,Margaritis D., Thodis E., Kortsaris A., Vargemezis V., Bourikas G.. Peripheral blood mononuclear cells from patients with chronic renal failure suppress erythropoiesis in vitro via the production of tumor necrosis factor alpha. The Hematology Journal 5 (Supl. 5) European Hematology Association (EHA) Annual Meeting, Geneva, 2004.

6.Agorasti A., Bazdiara I., **Spanoudakis E.**,Baka M., Margaritis D., Konstantinidou D., Bourikas G. Effect of the MTHFR C677T polymotphism on homocysteine levels.

TheHematologyJournal (Supl. 6) European Hematology Association (EHA) Annual Meeting, Stockholm 2005.

7. Pantelidou D., Bazdiara I., Tsatalas C., Baka M., Xanthopoulidis G., **Spanoudakis E.**, Kaloutsi V., Margaritis D., Bourikas G. Fluorescence in situ hybridization for the detection of 20q deletion and trisomies 8 and 9 in patients with essential thrombocythemia and polycythemia vera. TheHematologyJournal (Supl. 6) European Hematology Association (EHA) Annual Meeting, Stockholm 2005.

8. A. Agorasti, I. Bazdiara, D. Pandelidou, G. Trypsianis, D. Margaritis, **E Spanoudakis** , A. Anastasiades , A. Goutzouvelidis, D. Konstantinidou , C Tsatalas, G Bourikas. Prevalence of factor V G1691A, Factor II G20120A MTHFR C677T in patients with deep vein thromboses. The Hematology Journal, European Hematology Association (EHA) Annual Meeting, Amsterdam 2006.

9. D. Pandelidou, A. Agorasti, I. Bazdiara, G. Trypsianis, D. Margaritis, **E. Spanoudakis**, M. Baka, S. Kotsiopoulou, I. Kotsianidis, D. Konstantinidou, G. Bourikas. Relationship between homocysteine levels and MTHFR genotype and their effect on deep thrombosis. The Hematology Journal, European Hematology Association (EHA) Annual meeting Amsterdam, 2006.

10. I Kotsianidis , I Bouchliou , **E Spanoudakis** , E Nakou , D Margaritis , AV Christophoridou , A Anastasiades , C Tsigalou , G Kambouromiti , G Bouricas , C Tsatalas. Kinetics, Function And Bone Marrow Trafficking Of CD4+CD25highFoxp3+ Regulatory T Cells In Myelodysplastic Syndromes. **International Conference on Regulatory T Cells and Clinical Application in Human Disease**, Beijing, China, October 25-27, 2008,

11. E. Nakou , , A. Tzouvelekis, I. Bouchliou, M. Froudarakis, **E Spanoudakis**, P. Steiropoulos, D. Bouros, I. Kotsianidis. Defects in T cell regulation reveal distinct pathogenetic pathways in ILD. 6th ERS lung science conference, Estoril, Portugal, March 14-16, 2008

12. I Kotsianidis, I Bouchliou, **E Spanoudakis**, E Nakou, D Margaritis, AV Christophoridou, A Anastasiades , C Tsigalou, G Kambouromiti, G Bouricas, C Tsatalas.

Defective suppressor activity and bone marrow trafficking of tregs in early-stage MDS.

13. Ming Hu, Bassett, D., Danks L., **Spanoudakis E.**, Ke Xu, Hoewll P., Boyde A., Horowood N., Williams G., Roberts I., Karadimitris A. iNKT regulates osteoclast development and function under homeostatic and under conditions of immune stimulation. **50th ASH Annual Meeting and Exposition**, San Francisco, December 6-9, 2008

14.I. Bazdiara, D. Pantelidou, A. Anastasiadis, V. Papadopoulos, D. Margaritis, **E. Spanoudakis**, G. Xanthopoulidis, , A. Christoforidou, A. Goutzouvelidis, G. Bourikas and C. Tsatalas. Dynamics of Telomere Length and Telomerase Activity in Ph¹ - Negative Chronic Myeloproliferative Disorders. **50th ASH Annual Meeting and Exposition**, San Francisco, December 6-9, 2008

15.E. **Spanoudakis**, M. Hu, K. Naresh, E. Terpos, V. Melo, A. Reid,, A. Rahemtulla, A. Karadimitris Regulation of multiple myeloma survival and progression by CD1d. **50th ASH Annual Meeting and Exposition**, San Francisco, December 6-9, 2008

16.C. M. Vadikolia, K. Anagnostopoulos, Despina Pantelidou, G. Tripsianis, **Emmanouil Spanoudakis**, Ioanna Bazdiara, Athanasios Anastasiadis, Dimitrios Margaritis, A. Kortsaris, C. Tsatalas and Georgios Bourikas Correlation of Proteolytic Matrix Metalloproteases (MMPs) and Inhibitors (TIMPs) with JAK2V617F Mutation and Clinical Phenotype in BCR-ABL Negative Myeloproliferative Neoplasia (MPN) **51th ASH Annual Meeting and Exposition**, New Orleans, December 6-9, 2009.

17. Ke Xu, Aristotelis Antonopoulos, **Emmanouil Spanoudakis**, Simon Parry, Aristeidis Chaidos, Ming Hu, Terry Butters, Anne Dell, Amin Rahemtulla, Nikki Horwood and Anastasios Karadimitris. Glucose Ceramide Synthase Inhibitors Inhibit Osteoclast Activation Induced by Myeloma-Derived and De Novo Synthesized Glycosphingolipids. **51th ASH Annual Meeting and Exposition**, New Orleans, December 6-9, 2009.

18. Emmanouil Spanoudakis, Menelaos Papoutselis, Ioannis Kotsianidis, Evangelos Terpos, Meletios A. Dimopoulos, Ming Hu, Amin Rahemtulla, Dimitrios Margaritis, Georgios Bourikas, Konstantinos Tsatalas, and Anastasios Karadimitris. **Over-Expression of RANKL In Invariant NKT Cells Is Characteristic of Active Myeloma but Not of MGUS or Asymptomatic Myeloma.** 52th ASH Annual Meeting and Exposition, Orlando, GA, December 8-11, 2010.

19.Paraskevi Miltiades, Irene Bouchliou, EvangeliaNakou, Emmanuil **Spanoudakis**, SotiriosPapageorgiou, VasilikiPappa, Maria Papaioannou, EleytheriosMoustakidis, Sofia Vakalopoulou, VasiliaGaripidou, Konstantinos Tsatalas, and IoannisKotsianidis. **Alterations In the Signaling Profile of Leukemic Progenitors Can Predict the Response of Myelodysplastic Syndrome (MDS) Patients to Azacytidine.**52th ASH Annual Meeting and Exposition, Orlando, GA,December 8-11, 2010.Blood.

20.EleytheriosMoustakidis, Emmanuil**Spanoudakis**, Irene Bouchliou, EvangeliaNakou, Paraskevi Miltiades, asilikiKotoula, V, DimitriosMargaritis, George Bourikas, Richard Szydlo, AnastasiosKaradimitris, Konstantinos Tsatalas, and IoannisKotsianidis. **The Diagnostic Value of CD1d Expression In Leukemic B-Chronic Lymphoproliferative Disorders (B-CLPDs).**52th ASH Annual Meeting and Exposition, Orlando, GA,December 8-11, 2010.

21. D Sotiropoulos, T Marinakis, M Tsigotis, M Iskas, V Papadopoulos, E Papadakis, **E Spanoudakis**,I Kotsianidis, A Pouli, A Vassou, A Pigaditou, A Balta, M Dimou, M Kotsopoulou, C Matsouka, M Protopappa, E Vlachaki, I Koratzis, I Dervenoulas, N Anagnostopoulos, P Panayotidis, A Anagnostopoulos. First results from the Greek essential thrombocytosis registry.Haematologica 2011;96:supplement no. 2 & XXIII ISTH meeting, Kyoto, Japan 2011.

22. P. Miltiades, **E. Spanoudakis**, E. Nakou, I. Bouchliou, S.G. Papageorgiou, A. Galanopoulos, T.P. Vassilakopoulos, V. Pappa, S. Vakalopoulou, M. Papaioannou, H.A. Papadaki, E. Moustakides, C. Tsatalas, I. Kotsianidis. STAT signaling alterations in leukemic progenitors can predict the response of myelodysplastic syndrome (MDS) patients to azacytidine.LeukemiaResearch;Volume 35, Supplement 1. 2011

23.I Kotsianidis, P Miltiades, E Labrianidou, S Papageorgiou, A Galanopoulos, T Vassilakopoulos, E Nakou, **E Spanoudakis**, D Margaritis, C Tsatalas. Reprogramming of the STAT signaling network in CD4+ cells: a novel immunomodulatory role of 5-azacytidine. Haematologica 2012;97:supplement no.1

24. P. Miltiades, S.G. Papageorgiou, A. Galanopoulos, T.P. Vassilakopoulos, S. Vakalopoulou, V. Garypidou, **E. Spanoudakis**, E. Nakou, M. Papaioannou, H.A. Papadaki, V. Pappa, C. Tsatalas, I. Kotsianidis. The Levels of a G-CSF-Inducible pSTAT3+pSTAT5+ Subpopulation of MDS Progenitors with Leukemic Stem Cell Phenotype Predict the Response to Azacytidine. 54th ASH Annual Meeting and Exposition, Atlanta, GA,December 8-11, 2012.

25. E. Douvali, M. Papoutselis, E. Moustakides, E. Tsakiroglou, **E. Spanoudakis**, C. Tsatalas, I. Kotsianidis. Safety and Efficacy of Azacytidine in Myelodysplastic Syndrome (MDS) Patients with Mild and Moderate Renal Impairment.54th ASH Annual Meeting and Exposition, Atlanta,GA,December 8-11, 2012.
